

Dear Reader,

I hope you are doing well. I am reaching out with a heartfelt and urgent request—one that has the power to save, change lives and create a lasting legacy. My name is Missouri, and I am the founder of **Celebration of Life Annual (COLA)**. Our cornerstone initiative, **A Place Called Love**, is a transformative program dedicated to providing safe, nurturing homes for homeless women fighting breast cancer.

In the heart of **Somerset/Middlesex County**, we seek to establish a **serene and supportive residence** where these courageous women can receive shelter, care, and empowerment during their most vulnerable moments. Too often, women facing this battle also endure homelessness, making recovery nearly impossible without a stable foundation.

To bring this vision to life, we are seeking the donation of a **5-7+ bedroom home** to serve as the first sanctuary of A Place Called Love. This home will be more than just a shelter—it will be a space of **healing, dignity, and renewal**, offering medical support, wellness programs, financial empowerment workshops, and most importantly, a community that understands and uplifts them.

**How Your Contribution Makes a Difference:**

**A Lasting Impact:** Your generosity will directly save lives, giving these women the stability they need to heal and rebuild. **A Powerful Legacy:** This home will stand as a testament to your company's commitment to social good, and we will proudly recognize your contribution through media, events, and community engagement. **Tax Benefits & Community Recognition:** A donated home qualifies for **charitable tax deductions**, and we will ensure your support is celebrated in all outreach efforts.

We firmly believe that with your company's generosity and commitment to **community transformation**, this vision can become a reality. If donating a property is not feasible, we welcome partnerships in the form of **discounted properties, long-term leasing options, or grants to support this initiative**.

I would love the opportunity to discuss how we can **collaborate to bring hope to these incredible women**. Please let me know a convenient time for a conversation, or I would be happy to provide further details at your convenience.

Thank you for your time, compassion, and consideration. Together, we can build more than just a house—we can build **hope, resilience, and a future filled with possibilities**.

With gratitude,

**Missouri**
