ANNUAL

DONATION

**DRIVE**

## OUR VISION AND MISSION

- **STYLETAINMENT** is a theatrical production company that produces extraordinary experiences, fusing the art of Style and Entertainment from a unique point of view.
- We use this platform to share with fans the desperate need to support homeless women going through cancer.
- Our plans are to open, A Place Called Home (APCH) for homeless women with breast cancer, to live, free of charge while going through treatments.
- We host the Annual Gala Awards to honor, uplift and support breast cancer survivors.

- We take great pride in cultivating and developing hidden gems of talent in our young people by giving them a platform to express their gifts.
- We expands our horizon by welcoming volunteers from all walks of life and professions to assist in all aspects of the company branding and expansion.
- At our Gala Awards this year in honor of Missouri's mother (Ada Ann Watson-Hood) The Ada Award will be presented to a couple or an individual for their encouragement and support of inspiring the dream.
- Our next steps are to open an event venue to host in-house events, as well as community events and offer Performing Arts, Fashion Training and our Teen Life-Style Enrichment programs.

The company's first production, The Show, A Cancer Survivors Story, premiered in 2012 and since, it has grown exponentially. This show is a narration in movement, telling the powerful story of a cancer survivor's determination to live her life with strength, gratitude and inspiration in the face of extraordinary difficulties--and her ultimate triumph. It is about the faith, perseverance and self-determination of a little girl who dared to DREAM.

**OUR GOAL IS TO TAKE THE SHOW ON A 7-CITY TOUR**
