The Show, A Cancer Survivors Story, premiered in 2012 and since, it has grown exponentially. This show is a narration in movement, telling the powerful story of a cancer survivor's determination to live her life with strength, gratitude and inspiration in the face of extraordinary difficulties--and her ultimate triumph. It is about the faith, perseverance and self-determination of a little girl who dared to dream.

Weaving together a poetic tapestry of blissfulness through the universal language of music, fashion and dance, The Show, A Cancer Survivors Story takes the audience on an uplifting and inspirational journey of tremendous beauty, style, fantasy, mystery, seduction and creative energy.

Rather than pure entertainment, The Show, A “Cancer Survivors”, Story is a powerful platform that honors and uplifts breast cancer survivors, as well as brings awareness to the desperate needs of homeless women with cancer--a plight that the creator of the show, Missouri experienced first-hand while battling cancer. It is her hope that one day, there will be “A Place Called Love,” where these women can live while going through treatments and healing, and become productive and proud citizens once again.

PRODUCER
& PRODUCTION
CHOREOGRAPHER

I'M KYRA SHANAE, AND IT IS AN HONOR TO BE STYLETAINMENT'S PRODUCER, HEAD PRODUCTION CHOREOGRAPHER AND CAST MEMBER. Bringing my mother's vision and designs to life onstage is quite amazing. My favorite scene is All About Me and probably not for the reasons you are thinking. Yes, it is super fun to twirl and whip those capes around. Yes, I love the reaction we get from the crowd whenever, wherever we performed that scene. Yes, the colors are so vibrant it makes me smile every time I see them fly in the air. However, none of those reasons are why it is my favorite. **It is my favorite because it has a significant meaning to my mom.** You see, back in the '80s before The Show, before cancer, even before me, **my mom traveled and made a living off of 7 CAPES, very similar to what you see today.** She had the vision then but got sidetracked with life and kids. Performing All About Me today just feels like I am picking up where she left off. **It's as if no time has passed and we don't plan on stopping anytime soon!**

The Show is like a manifestation on stage about someone who decides to fight to live and start doing what they were truly meant to do. It is very inspiring how it comes to life visually. **It is a survivor's story** that is captivating, exhilarating, and attention-grabbing. You never know what may happen in each scene from the beginning to end. The narration provides an "in the moment" feeling as to how Missouri's journey went from her perspective. What moves me about STYLETAINMENT is that it is a company that knows the potential it has and where that potential could lead to. It moves me because I can see it for myself in the way we work. A lot of passion goes into every single detail to make the company what it is. I am so supportive because I believe my purpose and the purpose of STYLETAINMENT are in alignment. **STYLETAINMENT The Show, A Cancer Survivor's Story** is a "layered" production that does not really fit into a single category. It is a combination of theater, dance, music, poetry, and fashion with each element no more important than the other.

ACT I

Opening with The Prayer

It was important to Missouri to open the show with a prayer and she wanted it to have an angelic Native American sound. It was challenging finding the right person to sing the song the way she heard it, so she decided to sing it herself. Her son Karim booked studio time with a good friend and they went to work recording it. Missouri is not a professional singer, but hearing herself sing that day, she is sure spirit took over. As she got towards the end, a friend walked in with the most amazing voice and put the ending ripple on the song. OMG, it is truly the most angelic opening prayer song. You truly feel spirit, listening to the interlude. It is something to behold.

“When you are on purpose, Moses parts the red sea to provide a clear path to walk through with grace.”

– Says Missouri

- It starts with -

In the name of the Father and Son, and of Holy Ghost,

Amen!

A drag queen is performing on a stage. She is wearing a white, form-fitting outfit with a large, voluminous white tutu or skirt. She has a large, white, ruffled headpiece that covers her hair. She is wearing red gloves and has her arms outstretched. She is looking towards the camera with a confident expression. The background is dark, and the stage floor is visible.

ALL ABOUT ME

The spectacular, two-hour show features about 20 different vignettes performed by an amazing cast of talented actors, models, dancers, singers, poets and musicians. With dazzling animated backdrops on a full theater stage, it is presented in an avant-garde and entertaining fashion. The audience can also get a glimpse into the creative minds of the show's producers through a 10-15 minute special performance.
